Submission and Authorization Guide

- » Please complete form in full, including physician signature.
- » Please include authorizations for all patients as needed, specifically HMO insurance.
- » Please use codes listed with each requested service as a reference when completing the insurance authorization that accompanies the referral.
- » The scheduling of consults and transfers of care is prioritized based on severity of illness. **If requesting a full transfer, it is very important that prenatal care is continued until the patient has begun care with our group.**
- » Please include all records regarding the current pregnancy (and past, if applicable) including, all prenatal records, ultrasound reports, lab reports, pap, first and second trimester screening and diagnostic testing. Additional records that support maternal medical conditions are also requested.

» **The NPI and Tax ID is:**

NPI: 1366866345

Tax ID: 46-3214504

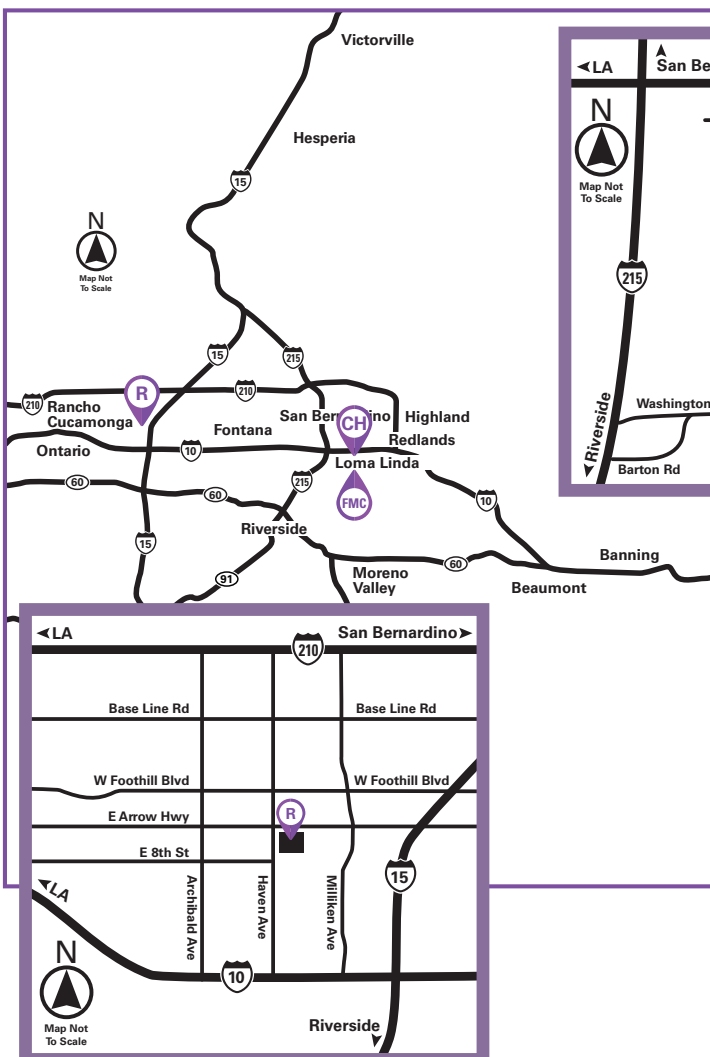

» **Please return form with records and authorization for care with Loma Linda University Health Care Gynecology and Obstetrics:**
