2018 Neonatal/Pediatric Transport Conference

{ Thursday,
June 7, 2018 }

LOMA LINDA
UNIVERSITY
CHILDREN'S
HOSPITAL

CONFERENCE OVERVIEW

This one-day transport conference is a multi-track education designed to highlight neonatal and pediatric stabilization and management in response to significant changes in an unstable patient.

CONFERENCE OBJECTIVES

- Recognize, prioritize and respond to the needs of the critically ill or injured infant and child.
- Describe management of surgical emergencies prior to transfer.
- Determine how to identify difficult pediatric airways along with their management.
- Determine the need for expert consultation and/or patient transfer; prepare for optimal transfer.

SIMULATION OBJECTIVES

Simulation-based learning allows you to be immersed in an into the real-life environment filled with visual, auditory and tactile cues, so that you can integrate your knowledge base, technical skills and behavioral skills during a scenario.
